RAKSHITHA P

Final-Year Computer Science Engineering Student | Full-Stack Development | Phone: 8105292582 |
Email: rakshithap077@gmail.com | Mangalore, Karnataka

PROFESSIONAL SUMMARY

Final-year Computer Science Engineering student with a strong foundation in programming, web development, cybersecurity, databases, and problem-solving. Hands-on experience through academic projects involving secure medical data transmission and e-commerce web development. Quick learner with an interest in applying technical skills to real-world software projects.

EDUCATION

Bachelor of Engineering (B.E.) – Computer Science and Engineering
Government Engineering college Majali Karwar, Visvesvaraya Technological University | Year of Graduation:2027 | CGPA:8.96

Diploma
Government Polytechnic For Women Mangalore | 2022 | Class: Distinction

PUC
Vittal Pre University College Vittal | 2019 |Class: First Class

10th / SSLC
Vittal junior high school Vittal | 2017 | Class: First Class

TECHNICAL SKILLS

Programming	Java, Python
Web Development	HTML, CSS, JavaScript, Flask
Database	SQL, SQLite
Security	Cybersecurity basics, AES, RSA, SHA-256, Steganography
Tools	Git, GitHub
Soft Skills	Problem Solving, Communication, Teamwork, Quick Learning

PROJECTS

1. Secure Medical Data Transmission Model | Python, Flask, AES, RSA, DWT, SHA-256, SQLite

- Developed a web-based system for secure transmission of medical reports between authorized users.
- Used AES encryption to protect medical data and RSA for secure key exchange.
- Applied DWT-based steganography to hide encrypted information inside medical images.
- Used SHA-256 to support data-integrity and tamper-detection requirements.

2. E-Commerce Online Second-Hand Bookstore | Web Development, Database

- Developed an online platform for browsing, searching, and purchasing affordable second-hand books.
- Designed user-friendly web pages and organized book information for easy discovery.
- Implemented core e-commerce functionality and database-based management of book details

3. Automatic Number Plate Recognition | Web Application

- The main objective of this system is to eliminate the manual presence of parking staff and make it fully automatic.
- In this system users who visit a mall has to book the parking slot prior and then visit the mall.

CERTIFICATIONS / TRAINING

Infosys Springboard – Security Control Assessor Intermediate | Course Completion Certificate (August 2026)

Infosys Springboard – Data Structures and Algorithms (December 2024)

Internship Certificate – Internship on Web Development (July 2022)

LANGUAGES

English, Hindi, Kannada, Tulu, Malayalam

HOBBIES

Reading • Travelling • Listening to Music • Learning New Technologies
